

How to find us:

Coming from the A7 motorway...

...exit at the „Kassel Nord“ interchange (77). You will drive on the „Dresdenerstraße“ in the direction of the city centre (Innenstadt), passing the Mercedes-Benz branch office. Just before the roundabout, turn right into the „Scharnhorststraße“. (Since the „Hafenbrücke“ harbour bridge is closed to lorries over 18 metric tonnes, we recommend using the bridge located at the „Altmarkt“ – instead of the roundabout.) The road forks shortly after, at which point you should remain on the left. Upon reaching the university (Universität) on your right side, turn right into the „Holländische Straße“. After several hundred metres, turn left into the „Wiener Straße“. At the second intersection with a traffic signal, turn right into the „Mercedesplatz“ and you will reach the plant gate after about 200 metres.

Coming from the A49 (or from the A44) motorway...

...depart at the „Auestadion“ exit (5). You will then follow the roadway marked „Am Auestadion“. At the third intersection with a traffic signal, turn right into „Frankfurterstraße“, in the the direction of the city centre (Innenstadt). Follow the course of the road, up through the vineyards and further via the „Steinweg“ (past the „Staatstheater“ theatre building and the „Fridericianum“ museum). Drive straight ahead, past the „Altmarkt“ intersection and into the „Weserstraße“. At the next intersection / traffic signal, turn left into the „Kurt-Wolter-Straße“. Upon reaching the university (Universität) on your right side, turn right into the „Holländische Straße“. After several hundred metres, turn left into the „Wiener Straße“. At the second intersection with a traffic signal, turn right into the „Mercedesplatz“ and you will reach the plant gate after about 200 metres.
